Forecast for Tuesday 09 Feb 2021

Weather: Bright or clear intervals and frequent snow and hail showers, some heavy with an additional 10-20cm of new snow in places. Heaviest showers bringing temporary blizzard conditions with squally winds and blowing snow. Bitterly cold at all levels with severe wind chill. Widespread drifting of snow covering paths.

Chance of cloud free mountain/hill tops above 600m: 40%, with cloud often lowering to 300m in showers.

Visibility: Occasionally down to a few hundred metres or less at times in heavier showers. Spells of excellent visibility between showers but some blowing snow in the strong winds.
